1. Search Setup

 -   Publish the default Joomla   search module or the S5 Live Search module to the 'search' position.
 -   Set the margin-left of the search to 172 in the module's   backend if using the live search module, adjust these settings as needed
 -   This position was only designed for search modules, not   content.

2. Column Menu Setup

 -   There are no menu style suffixes applied under advanced parameters.
 -   The menu style should be set to list.
